CAREER OPTIONS FOR PHARMACY PROFESSION IN INDIA:

India has a vast and growing pharmaceutical industry. Pharmacy offers reasonably good career opportunities both by way of jobs as well as in terms of starting your own business. The job avenues for a pharmacist are with pharmaceutical industry, government departments, universities, teaching hospitals, investigation and research institute etc. Within the pharmaceutical industry you might be involved in activities relating to the development, formulation, production or marketing of new drugs for clinical use. M.pharm or Ph.D holders are normally absorbed in research work, to develop new useful drugs, in laboratories and in production work in pharmaceutical industry and analyzing them for purity and strength. Pharmacist may also take up teaching as a profession as lectures in pharmacy colleges and universities.

Pharmaceutics Department is equipped with state of art facilities giving hands on experience to B. Pharm. graduates. To meet the global needs in the area of formulation and development, we shape our students by exposing them to the research environment along with the routine curricula.
