Library at a glance

The library is completely automated using Biyani Library Management Software. The library provides resources for checking out and returning books as well as keeping track of them in the "Biyani" software and OPAC (Online Public Access Catalogue), which are used by academics and students to look up books by title, author, and other criteria. The library has the facilities for issue-return of books and maintaining records of books in the 'Biyani' software. All books are recorded in the Software using Bar-code system and bar code Scanners are used for user circulation of books.
