 Principal	

**4.3.1 Institution frequently updates its IT facilities and provides sufficient bandwidth for internet connection**

**Describe IT facilities including Wi-Fi with date and nature of updation, available internet bandwidth within a maximum of 500 words**

**Response:**

The college features a computer and language lab with enough computers (the PCI-mandated ratio is 1:10), LAN access, and internet connectivity. Computers with antivirus software installed can prevent, identify, and get rid of malware. Linked to the internet in order to use e-books, access subscribed e-journals such as DELNET and the National Digital Library, and use e-content resources such as SWAYAM and NPTEL, among others. Wi-Fi and LAN connections are available in the conference hall.

The campus has Wi-Fi available, and it is upgraded frequently to meet the needs of the present. Faculty members have access to computers with internet connections so they can keep up with the latest developments in technology. The advanced instrument like UV is connected to computers in the central instrumentation laboratory, which also has an internet connection for software updates. The institute website is managed by the central office and regular updates about the various activities carried out by the institute are uploaded on it which serves as an informative centre for the stakeholders.

**The bandwidth of the internet connection in the Institution: Upto 100 MBPS**

**List of IT facilities updated:**

Sr. no.	IT Facility	Nature of updation
1	Broadband Internet	100 Mbps
2	Computer Configuration	-
3	LCD Projector	Installed in 03 classrooms
4	Printers 06	Added more latest printer

The entire campus is equipped with active camera surveillance systems. Using experienced employment, the IT cell maintains all aspects of computers and accessories inside.
