Outcome:

Photography helps you find beauty in the world. Using a camera to find beauty in the things and people around us helps us to see things in a different light. Competitions are also a great way to encourage discipline with personal projects, creating an opportunity to look at your current work in a new, more objective way.

Flower arrangements are a simple and effective way to amplify the welcome setting of any given space. Not only reserved for special occasions, a few simple stems can be just as important in an everyday setting. Being in the presence of flowers triggers happy emotions and heightens feeling of life satisfaction.
