Sr. No.	Particulars	Page No.
1	Best Practice 02: “Embedding Cross-Cutting Issues in Educational Activities”	1-98

1. Title of the Practice

“Embedding Cross-Cutting Issues in Educational Activities”

2. Objectives of the Practice

The primary objective is to integrate gender issues, human values, professional ethics, and environmental sustainability into the curriculum, co-curricular, and extra-curricular activities. This prepares pharmacy professionals who are socially responsible, ethically sound, and environmentally conscious

3. The Context

Anandi College of Pharmacy recognizes the importance of developing professionals capable of addressing the complex healthcare challenges of the 21st century. Beyond technical proficiency, there is a need for graduates to be mindful of the social, ethical, and environmental implications of their practice. The aim is to instill in students the human values, professional ethics, and environmental sustainability that are essential for responsible citizenship and professional conduct.

4. The Practice

1. Curriculum Integration:

- **Human Values and Professional Ethics:** Modules on human values, pharmacy ethics, and jurisprudence, and social and cultural competence are included to ensure students understand the ethical dimensions of their profession.

- **Environmental Sustainability:** Courses on environmental sustainability in pharmacy practice, green pharmacy, and environmental conservation are incorporated to teach students sustainable practices.

2. Co-Curricular Activities:

- **Workshops, Seminars, and Guest Lectures:** Regularly organized events focus on environmental conservation and social responsibility, engaging students in discussions and learning outside the classroom.

3. Extra-Curricular Activities:

- **Community Service Projects:** Students are encouraged to participate in community service, promoting a sense of social responsibility.

- **Environmental Conservation Activities:** Activities aimed at environmental conservation help students apply their knowledge in real-world contexts.

- **Professional Organizations:** Students are motivated to join organizations that promote ethical practices within the pharmacy profession.

5. Evidence of Success:

- **Student Outcomes:** There is noticeable improvement in academic performance, critical thinking, problem-solving, and communication skills among students.

- **Graduate Employability:** Increased job placement rates, career advancement, and leadership roles indicate the effectiveness of the practice.

- **Student Engagement:** High levels of student participation, motivation, and satisfaction with the integration of cross-cutting issues demonstrate the success of the program.

- **Institutional Recognition:** The College has received accreditation, high rankings, and awards for its commitment to integrating cross-cutting issues into education.

The strategies and examples to meet every practice are described below with a specific objective.

1. Inclusive Curriculum Development

Objective:

To integrate cross-cutting issues such as gender equality, human values, professional ethics, and environmental sustainability into the curriculum, ensuring that students are well-versed in these areas.

Strategy:

- Develop and implement courses specifically focused on these cross-cutting issues.
- Incorporate relevant topics into existing courses across various subjects.
- Use case studies, real-world examples, and interactive activities to illustrate the importance of these issues.

Example:

Introduce a mandatory course on "Ethics and Sustainability in Pharmacy" that covers topics like ethical dilemmas in pharmaceutical practices, sustainable drug production, and the role of pharmacists in promoting public health.

2. Interdisciplinary Projects and Research

Objective:

To promote a holistic understanding of cross-cutting issues by engaging students in interdisciplinary projects and research.

Strategy:

- Encourage collaboration between different departments and disciplines on projects related to cross-cutting issues.
- Provide funding and resources for interdisciplinary research that addresses societal challenges.
- Create platforms for students to present their interdisciplinary research findings.

Example:

Organize an annual interdisciplinary research symposium where students present projects on topics like the impact of pharmaceuticals on the environment or the role of gender in healthcare access.

3. Community Engagement and Service Learning

Objective:

To sensitize students to social issues and foster a sense of social responsibility through community engagement and service learning.

Strategy:

- Partner with local organizations and communities to identify areas where students can contribute.
- Integrate service learning into the curriculum, allowing students to earn academic credit for community service.
- Reflect on and assess the impact of service learning experiences on students and the community.

Example:

Develop a service learning program where pharmacy students work with local clinics to provide health education and free medical check-ups in underserved areas.

4. Workshops and Seminars on Cross-Cutting Issues

Objective:

To enhance awareness and understanding of cross-cutting issues through targeted workshops and seminars.

Strategy:

- Organize regular workshops and seminars featuring experts in fields such as ethics, gender studies, and environmental science.
- Encourage active participation and discussion during these events to deepen understanding.
- Provide certificates or recognition for participation to incentivize attendance.

Example:

Host a quarterly seminar series on "Sustainable Pharmacy Practices," covering topics like reducing pharmaceutical waste, eco-friendly drug manufacturing, and ethical sourcing of raw materials.

5. Creating a Supportive Campus Environment

Objective:

To foster an inclusive and supportive campus environment that reflects the institution's commitment to cross-cutting issues.

Strategy:

- Establish support groups and resource centers for students and staff to discuss and address cross-cutting issues.
- Promote diversity and inclusion through campus policies and practices.
- Celebrate cultural, regional, and linguistic diversity through events and activities.

Example:

Set up a "Diversity and Inclusion Center" on campus that offers resources, counseling, and support for students from diverse backgrounds and organizes events celebrating different cultures and traditions.

6. Problems Encountered and Resources Required

Challenges:

- **Integrating Interdisciplinary Approaches:** Combining various disciplines into a cohesive curriculum can be complex.
- **Limited Resources and Funding:** Financial constraints can hinder the implementation of comprehensive programs.
- **Faculty Training:** Ensuring faculty is adequately trained to teach and integrate these issues is essential but challenging.
- **Student Engagement and Motivation:** Maintaining high levels of student interest and participation requires continuous effort.
- **Assessment and Evaluation Methods:** Developing effective methods to assess and evaluate student progress in these areas is challenging.

AWARNESS OF CANCER IN GIRLS

On 19/1/2023 in NSS Camp ANANDI B PHARMACY COLLEGE organized jointly meet of all ladies students of Anandi Pharmacy,womens in Bhamte village and Surekha sutar regarding proper use of sanitary napkins for avoiding uterus cancer. For the program Honorable Secratory Dr.Mrs.Vidya Desai , HOD Mrs Adnaik mam and all ladies staff members along with ladies were present.

Surekha sutar mam explained chemicals used in ultra napkins which converts liquid into gel, causes bladder and uterine cancer, the use of cotton pads over ultra pads and asks users to change ultra pads within five hours. Artificial fragrance added to the gel-based absorbent core of the pad causes issues similar to cancer.

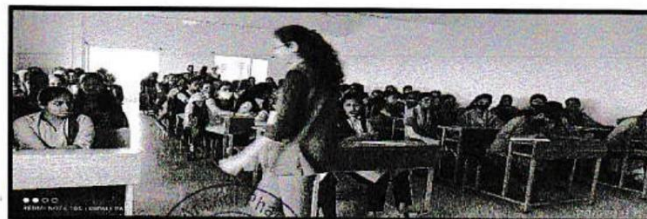

Sanitary pads have a layered design consisting of a fluid permeable surface (topsheet), an absorbent core, and an impermeable backing with adhesive. They are available in varied sizes, absorption capacity, material type, etc. In ultra pads, the absorbent core contains a chemical that converts liquid into gel, hence retaining large amounts of liquid. prolonged use of the ultra pads leads to the growth of

fungus on the pad when the blood becomes green, and subsequent fungal infection of the uterus and bladder.

It is, therefore, advised to change every sanitary pad within 4-6 hours. "Natural bodily fluids can serve as culture media for the growth of bacteria and fungus on the pad if kept for longer durations. However, the risk of bacterial or fungal infection is unrelated to the type of sanitary pads but entirely dependent on the hygiene practices.

Dr.R.S. Adnaik delivered a speech on Voter awareness. He guided our students about Voter Awareness is a series of events to increase public awareness and participation in the upcoming election. Voting is a responsibility, and an action in which every member of society should partake. In particular, our youth need to understand that their vote can make a difference. Your vote holds your local and national leaders responsible for the decisions they make.

Your vote sends a message about the issues you think are important. Your vote affirms your right as a free citizen to elect our government and take part in democracy. Without voting, there could be no democracy. It is your duty to vote intelligently. Do not waste your right to vote. Vote because you care about your community. Vote because it will make you feel good to participate and have a say. Vote because it's the right thing to do. When we vote, we choose the representatives who will make the laws and policies that govern how we live together.

**A Report on
“No Vehicle Day”**

Anandi ShikshanPrasarak Mandal Sanchalit, Anandi B Pharmacy College, Kalambe Tarf Kale planned No Vehicle Day under National service scheme in every 3 months one day is celebrated as No vehicle day. It shall be observed as No vehicle on 10 March 2022. The initiative was taken to promote environmental sustainability, reduce air pollution, and encourage students and faculty to explore alternative modes of transportation.

On this day, all students and staff members were encouraged to leave their vehicles at home and opt for walking, cycling, carpooling, or using public transportation to commute to the college

Overall, No Vehicle Day at Pharmacy College was a successfully conducted, with a significant number of participants leaving their cars at home and embracing sustainable transportation options. The event generated awareness about the importance of reducing carbon footprint and highlighted the role that individuals can play in protecting the environment. Such initiatives are essential in promoting a culture of sustainability and inspiring others to adopt environmentally friendly practices in their daily lives.

Mentor- Mentee Cell

Anandi Pharmacy College, KalambeTarf Kale established the Mentor-Mentee Cell with the goal of providing support and guidance to college students for the advancement of their academic and professional careers and, consequently, aiding in the building of the nation. The approach is highly efficacious in its endeavour to reduce the gap between the mentor and the mentee, and consequently, the wider community. During their college programs, students may encounter difficulties and struggle with both academics and transition. A mentor-mentee program has been established for the institution's students in order to help them deal with these issues and provide them the tools they need to reach their full potential in both their academic and professional lives.

We are using one-on-one attention to offer the students counselling. They have been offering them career advice, study tips, and personal counselling in order to help them succeed in university exams. Additionally, we have been providing the mentees with specific information on courses, costs, evaluations, the college application process, scholarships, and other related topics. The program has proven to be quite effective in closing the communication gap between the instructor and the learner.

We aim that all students get rightly educated and take the right step towards building their career

➤ **Aim and Objectives**

- To reduce stress and depression among medicos.
- To help students to efficiently manage their personal issues and interpersonal relationships.
- To create an environment of mutual trust between faculty and students.
